TEXAS LEGISLATURE SLAPS CULBERSON

RESOLUTION INDORSING ACTION
IN PREVENTING LORIMER
STEAL.

BAILEY MEN WON'T HAVE IT

Interesting Contest May Follow Ac-
tion of the Texas Law-
Makers.

Austin, Tex., March 6.—Through the votes of a number of the supporters of Senator Bailey, the senate of Texas today voted down a resolution offered by Senator Vaughn to commend Senator Culberson because of his action in the matter of eliminating from the federal appropriation bill an item of \$25,000 to reimburse Senator Lorimer for outlay in defending the bribery charges against himself.

Later, when Senator Vaughn taunted them with their inconsistency, and offered another resolution identical with the first, except that he had eliminated the clause to which the Bailey leaders at first objected, they

made a point of order against its being considered. And, when he withdrew that resolution and moved to rescind the vote on the first, in order, as he said, that the objecting Senators might amend it to meet their objections, they squirmed afresh and voted down the motion to rescind Cofer Wanted Substitute Adopted.

Before this later vote was taken Senator Cofer endeavored to offer a substitute resolution. It was one of the oldest type, indorsing both Bailey and Culberson, Bailey being named first. It was held not to be in order as a substitute for the motion to rescind the vote on the Vaughan resolution, but when the motion to rescind had been tabled, Senator Cofer offered his substitute as an original resolution.

Senator Mayfield immediately offered an amendment to praise Senator Culberson's action in respect to the Lorimer matter, and Senator Murray followed with a substitute for amendment and resolution. This substitute simply commended both the senators from Texas for their "courageous action."

After a fresh spurt of oratory, the Murray resolution was substituted and then tabled.

C. J. Laseman, trustee of Fitzhugh township, was a caller at the News office. He was laying in a supply of blank books for the road overseers of his township.

JAIL TO BE ENLARGED

COMMISSIONERS CLOSE CON-
TRACT FOR MORE CELLS.
QUARTERS FOR 32.

This morning the county commissioners entered into a contract with the Pauly Company through its representative, S. Joseph, for four more cells for the jail. The new cells will be placed over the four now in place, thereby making it a two tier affair. The new cells are to be in place within sixty days and will increase the capacity of the county bastille to thirty-two. The contract price is \$3,392.

This is something that has been badly needed for a long time. The present quarters are often altogether too small for the number of prisoners to be confined, and it becomes necessary to board some of them in the jails of other counties.

MISS RICHARDSON APPOINTED CLERK OF ROFF COURT

Judge Barton has appointed Miss Will Richardson, daughter of H. D. Richardson, county commissioner, as clerk of the Roff division of the county court. She will qualify at once and everything put in readiness for the Roff court.

COMMISSION DISMISSES CASE. Rules That Broker Can Pay More for Cotton If He Wants to.

No violation of law is committed when a cotton broker on certain days pays more for cotton than other purchasers on the same day. A merchant can also give his customers a better price for their cotton than he can pay other people who are not his customers and he will not be prosecuted. This is not regarded as discrimination by the corporation commission. The question came up before the commissioners when the Farmers' Gin company charged the Chickasha Cotton Oil company with discrimination. The case was dismissed Monday morning.

LEGISLATIVE HAPPENINGS

REDISTRICTING PROVES TROUBLE
SOME—CAUCUS AGREES TO
FIVE DISTRICT PLAN.

EDUCATION BILL PASSED

Clark Would Give People Opportunity
to Vote on Capitol Ques-
tion Again.

Oklahoma City, Ok., March 6.—Democrats of both houses of the legislature in caucus today agreed to the five district plan in the congressional apportionment.

House democrats gave no consideration to the districts as formulated by the senate committee yesterday, but the senate democrats are in caucus on the subject tonight.

It is understood that Gov. Cruce told members that he would call an extra session of the legislature to redistrict the state unless the legislature first did its part.

The governor was reported to favor leaving the districts as now constituted with a provision that the extra members would be elected from the state at large, this apportionment to stand until the legislature met again.

The senate passed the Milburn bill amending the tax laws by providing that taxes become due on Nov. 1 of each year and delinquent Jan. 1, and in no case shall the penalty apply until thirty days after receipt of the tax rolls by the treasurer.

The senate killed a companion bill by Mr. Milburn amending the revenue laws by altering the procedure for making levies and increasing amounts of levies, the objection being that at every session of the legislature some change in revenue laws is attempted and that the people are not able to keep advised as rapidly as the laws are amended.

Feed Stuff Label Bill Passes.

Final passage was obtained upon the Barrett-Glover bill requiring that commercial feed stuffs be labeled, whether pure or adulterated. They must be inspected by an officer who operated under direction of the state board of agriculture, and a tax of 10c per ton is levied. The bill closely follows the Texas law. It makes an appropriation of \$10,000 for carrying out the provisions.

Mr. Barrett's bill amending the local cattle tick eradication law by enlarging the authority of county commissioners in levying taxes for eradication work, authorizing them to spend \$200 for dipping vats and increasing the penalty for "drifting" cattle across cleaned territory from \$25 to a fine of \$50 to \$100.

Dormitory Bill Passes.

After being three times dead the house revived the Milburn bill appropriating \$50,000 for dormitory and other building at the Murray District school of Agriculture near Tishomingo, and passed it.

The house killed the joint resolution by Messrs. Maxey and Logan proposing an amendment to the constitution that would permit the governor or either branch of the legislature to obtain advisory opinions from the supreme court or the criminal court of appeals on any matter pending before the legislature or pending as initiated by the people.

Mr. Breedlove, Mr. Cornell and Mr. Clark of Pawnee, reporting against the resolution, classed the idea as freakish and declared that it would bind the courts on a proposition which they might have to later pass upon. Mr. Cornell stated that one might as well submit a proposed suit to the court to ascertain whether it could stand in court. Advocates of the idea believed the state would be saved much in the nonpassage of unconstitutional laws and in not holding election on initiated matters that were contrary to the constitution or procedure. Other states had the provision, and it was found to do no harm, they said. The vote was 34 for the resolution and 52 against it.

Lacking six votes of a constitutional majority the Wright bill proposing a recording tax of 50c per \$100 of valuation on mortgages failed in the house, but there was a motion lodged to reconsider.

The house agreed to the amended

bill creating a state board of education, and the bill is ready for the governor's signature.

Both houses agreed to the public defender bill, and that was also signed for dispatch to the executive office.

Mr. Clark of Atoka offered a bill in the house submitting location of the permanent seat of government to a vote of the people at an election to be called by the governor, on the date when the proposed substitute for Sec. 9 of Art. IX is submitted. (Any city within a radius of seventy-five miles of Oklahoma City may become a candidate, and details of the act are to be carried out by the capitol commission.)

Gov. Cruce signed the Logan bill, giving purchasers of school land sit-

ed, which the senate confirmed in executive session tonight: D. M. Hatley, McAlester; George H. Bruce, Ardmore; J. W. Blanton, Rocky; E. A. Smeed, Lawton; John Threadgill, Oklahoma City; N. F. Hancock, Muskogee, and Mrs. Ruth Clement, Oklahoma City.

The governor also signed the Crawford bill, creating the position of State Fire Marshal, but the act does not go into effect for ninety days and an appointment was not made.

MOVING PICTURE MACHINE EXPLODES

NEARLY 100 SPECTATORS KILLED
IN THE PANIC AND FIRE THAT
FOLLOWED.

St. Petersburg, March 6.—A moving picture machine in a small theater at Bologie in the southern part of Novgorod province exploded yesterday and set fire to the entire building. There was a panic among the spectators and according to reports received here nearly a hundred persons, many of them children, were crushed or burned to death. Half a hundred others were injured.

Baron Taube chief of the gendarmes corps at St. Petersburg, and two of his children are reported among the dead.

O. E. Davenport and A. King of Tishomingo, were in town this morning. Mr. Davenport is a boyhood friend of Otis Weaver and is now a prominent business man at Tishomingo.

Now that the spring gardening has
begun the News expects to receive
numerous letters from the ladies of

this section thanking it for the time-

but it is to be hoped that they took
the advice proffered by the News.

This is the sort of day that makes

SMOKED 20 CIGARS DAILY

TONGUE HAD TO BE CUT OUT
New York, March 7.—As a result
of his love of tobacco, Thomas E.
Flannery, a New York hotel man is
minus half of his tongue today.

Notwithstanding an unusual opera-
tion which he underwent at a down-
town hospital yesterday he was able
to speak fairly distinctly and take
liquid nourishment today. In the op-
eration it was necessary to adminis-
ter an anaesthetic through the lar-
ynx. Fully half of the tongue was af-
fected by the spreading growth which
was removed.

The patient had been an inveter-
ate smoker using on an average 20
cigars daily as well as several pipes
of tobacco.

"Hell Roaring Creek."

West of Duncan is a stream which
in this day of polite expressions, is
known as Roaring Creek. To the old
timers, however, it is "Hell Roaring
Creek."

Frank Huddleston gives the follow-
account of how it came by its name,
an account which was given him
years ago by his father. In the early
days of the country the late Gen. Ca-
bell was traveling across to Fort
Sill. It had been raining and the
streams were all swollen. Some of
his men kept telling him about a
creek ahead of them which would
undoubtedly mean trouble in cross-
ing. Finally when they reached its
banks, Cabell remarked: "Is this that
hell roaring creek you have been
talking about?"

And "Hell Roaring" it has been
ever since.

GRANT'S KINDNESS.

War-time Foe Pays Tribute to Gen-

"In spite of the parole that had
taken, after I had settled down to
practice, law," says Col. John S.
Mosby, "I was several times arrested
by provost-marshals stationed at the
court-house where I went on the cir-
cuit. This was both annoying and
unfair. My parole was a contract
with the government that was binding
on both parties. To arrest me before
I had violated it was a breach of it.
"As my wife passed through Wash-
ington on her way to Baltimore, she
determined to go to the White House
not to ask for a pardon, but to make
a complaint. She had not intimated
her purpose to me. Her father and
President Johnson had served in
congress together, and had been
friends; so she told Johnson whose
daughter and whose wife she was.
Instead of responding kindly, he was
rude to her.

"She left him and went to see Gen-
eral Grant at the War Department.
He treated her as courteously as if
she had been the wife of a union sol-
dier, and then wrote a letter, which
he gave to her. He did not dictate
the letter to a clerk; the whole is
in his handwriting. It gave me lib-
erty to travel anywhere unmolested
as long as I observed my parole. I
preserve that letter, framed, among
my most precious possessions."

BEEBLOSSOM FOUND GUILTY.

Sentenced to One Year in Jail for
Shooting Tip Woodson.

Oklahoma City, March 7.—Bert
Beemblossom, charged with shooting
Tip Woodson with intent to kill dur-
ing a dance September 18, 1909, was
found guilty and sentenced to one
year in the county jail. The verdict
was returned to Judge J. J. Carney
of the district court at noon Monday
following a deliberation of more than
thirty-six hours. The offense for
which Beemblossom was convicted,
it was alleged, as a result of a feud
commencing February 17, 1908, when
J. C. Woodson shot and killed Dr. Z.
Beemblossom, J. L. Woodson was the
father of Tip Woodson, victim of
Bert Beemblossom's bullet, who it
was believed, was avenging the death

self-defense and will appeal the case.

GOVERNOR SIGNS BILL CREATING EDUCATION BOARD

Oklahoma City, March 6.—Governor
Cruce signed the bill creating a state
board of education late Monday af-
ternoon. He was surrounded by a
number of men who had been particu-
larly active in securing the pas-
sage of the bill, and a photograph
was taken of the group at the mo-
ment of signing.

The party included State Supt. R.
H. Wilson, Prof. S. M. Barrett of
the department of pedagogy at Nor-
man, W. P. Stewart, editor of the
Oklahoma School Herald, State
Treasurer Bob Dunlop, Senator R. P.
Wynne, chairman of the senate com-
mittee on education, and Representa-
tive J. Roy Williams, speaker pro
tem of the house and chairman of
the house committee on education.
The pen with which Governor Cruce
signed the bill was presented to Rep-
resentative Williams.

This bill is regarded by Governor
Cruce as the most important piece of
legislation passed since statehood,
and it is the one measure in which
he has been especially interested dur-
ing the present session. The new law
completely reorganizes the educa-
tional system of Oklahoma, and places
the board of education thus created
in charge of seventeen different state
institutions, with the idea of bring-
ing them all into harmony and mak-
ing them parts of one great system.
The governor has received a large
number of applications for appoint-
ment to this board, but probably will
not make any appointments this week.

New County Creation Law.

Oklahoma City, Ok., March 6.—
Creation of new counties or changing
the lines of existing ones will be
much more difficult as long as the
Smith act approved by Gov. Cruce
Saturday remains in force. The new
law provides that before an election
may be held, the governor must have
a petition signed by 51 per cent of
the qualified electors residing in the
territories to be affected, and they
must sign affidavits showing them-
selves to be qualified electors. In or-
der for the election to be successful
the proposition to change county lines
or create a new county must be ap-
proved by 60 per cent of the voters
residing in each particular territory
affected.

Elections are to be held by com-
missioners named by the governor,
and they must not be residents of
any of the area involved, neither may
they be interested in the outcome of
the election. In determining the
county seat, if the town aspiring is
within six miles of the center of the
proposed county, it requires 50 per

The book contains 704 pages and is sold for 10 cents.

Maxwell Sittings.

Here I come again after considerable delay.

Health of the country reasonable good.

No deaths or marriages of late but the latter is very doubtful, as a certain young man visits Maxwell quite often from Egypt.

Elder Hendrix preached at Maxwell on the fourth Sunday and at night to a large and interested crowd.

Maxwell has a large Sunday school which seems to be progressing nicely.

School at Maxwell, Gaily and Summers chapel are progressing very well.

Wonder what makes Claud Hooper look so long faced. Don't grieve she will come back.

The farmers are preparing their land for this year's crop and there has a great deal of general improving been going on.

The Literary at Summers Chapel bid fair to be the best there has ever been. Success to it.

It looks like our legislature is determined to keep trying to amend "Art. 9, Sec. 9, of the constitution. I do not see why they will force it on the people, when they have said no change twice at the ballot box by a large majority.

I will try to write often from now on, as it seems that one of your correspondents of Maxwell don't write very often and our old friend Slocum has gone to farming and has no time, so I will try to keep you posted. SALLIE ANN.

COURT TAKES UP

CIVIL DOCKET

The civil docket of the district court was taken up this morning, Judge Summers Hardy of Madill on the bench. The first part of the day was taken up with hearing and passing on motions.

The first case to come to trial was the suit of the school board of Roff against the Commerce Trust Co., of Kansas City on the surety bond of the contractor who first undertook to build the Roff school house. The amount involved is something like \$10,000 and from the array of counsel on both sides bids fair to be one of the most stubbornly fought cases of the term. Bullock & Kerr and Stone & Maxey represent the school board and Everest, Smith & Campbell and Warren K. Snyder, all of Oklahoma City appear for the defense.

The jury was empaneled about 2 o'clock and the taking of evidence begun.

J. A. Pryor, an appreciated reader of the News living near Jesse, was a caller at the office today.

A. M. Croxton for School Board.

The friends of A. M. Croxton have authorized the News to announce the candidacy of A. M. Croxton for the school board from the Second Ward. A further mention will be made of it tomorrow.

BOX SUPPER AT

LATTA SCHOOL

The Latta School Literary Society gave a box supper Saturday evening March 4th, the object being to raise money to buy an organ.

The boxes brought \$17.50. The cake awarded to the prettiest girl brought \$3.80 making a total of \$21.40 for which we thank the people. Miss Genevieve Cope received the cake which proves beyond a doubt, that the Latta community boys are good judges of beauty.

We intend to have another supper soon and raise enough money to finish paying for our organ.

Thanking the people for their assistance.

GETS BIG JUDGMENT

AGAINST KATY RAILROAD
Washington, March 6.—The supreme court today affirmed the judgment for \$22,500 which C. W. Richardson obtained against the Missouri, Kansas and Texas Railway company in the district court of Grayson county. Richardson was severely scalded in a train collision at Gibson, Tk., while running from Parsons, Kan., to Muskogee.

The matter came before the Supreme court on a motion filed by Senator Bailey and Rice Maxey to either affirm or dismiss the judgment of the court of civil appeals, and the supreme court today, through Chief Justice White, affirmed the judgment.

Joe Beck was up from Stonewall between trains this morning.

SHAWNEE RENEWS FIGHT FOR CAPITAL

Oklahoma City, Ok., March 6.—Probability of a revival of the state capital location fight was apparent by the temper of the house at its night session, when it declined for a second time to include in the general maintenance appropriation bill an item of \$57,745.25 for state offices here. It was asserted by the members that Oklahoma City's promise to give free quarters must be complied with or the seat of government would be moved to some other point.

Shawnee's Offer Renewed.

While the feeling was at fever heat Mr. Barnett of Pottawatomie county sent to the clerk's desk a communication from the Chamber of Commerce of Shawnee renewing that town's offer made during the extra session for a \$1,000,000 free capital building and a large plat of ground, also free quarters for state departments until the building is completed. The proposition was greeted with cheers.

The bill by Mr. Peters of Osage county, proposing to place the capital at Pawhuska was tonight placed at the head of the house calendar for the expressed purpose of permitting Mr. Maxey and Mr. Barrett to substitute the name of Shawnee. If

the temper of the house remains the same tonight it will be adopted and the bill will pass the house.

While many of the senators are known to be dissatisfied with the condition of things in Oklahoma City, they have not stated what would be done if a Shawnee bill came to them from the house.

Threats Made by Vogle.

Mr. Vogle (rep.) threatens to offer a bill repealing the Oklahoma City location of the extra session, for the reason, he says, the promises have not been complied with.

A resolution offered by Mr. Anthony tonight, for the house to consider nothing but Senate business beginning tomorrow, if adopted, will have the effect of blocking capital removal plans that may be forming tonight.

As passed finally, the general appropriation bill carries a total for two years of \$5,022,822, which is \$609,320 increase in the committee's bill.

R. R. AMENDMENT MAY BE VOTED ON JULY 1

Oklahoma City, March 7.—Gov. Lee C. Cauce will probably set July 1 as the date for holding the special election provided for by the legislature to determine if the people of Oklahoma want Section 9, Article 9 of the Constitution amended so as to permit foreign railway corporations to acquire local lines.

In an interview Saturday the governor declared he is not prepared to say just when the proclamation calling for an election on the railroad amendment will be issued. Gov. Cauce said the resolution adopted by the legislature calling for an election to determine whether such section shall be amended so as to permit foreign railway corporations to acquire local lines provides that the election shall be called as the law provides. Gov. Cauce said further that he had not as yet looked up the law, and could not say whether it is specific, or whether it is left to his discretion.

No haste is to be made in calling the election. Gov. Cauce stated that he would set the date of election ahead far enough to permit both sides to carry on an intelligent campaign. The interest of the farmers also will be taken into consideration. It is the desire of the governor to call the election to be held at a mid-season, and while he did not say positively that July 1 will be the date, he went so far as to say he considers that July 1 would be a date acceptable to all concerned.

CITY DADS IN WEEKLY SESSION

The council held its regular weekly session last evening but transacted very little business beyond allowing the usual batch of claims.

N. B. Stall brought up a matter which led to lengthy discussion. He entered a vigorous protest against the conditions in the front part of the building in which his studio is located. Since the police have made two or three successful raids after gamblers in the place, its reputation is not exactly what it should be, to put it very mildly, and the question that Mr. Stall put up to the council is how to get a change made. The matter was finally referred to the city attorney and some action may be taken against the owner of the building.

The matter of electing a city engineer was passed over to some future meeting. The council will meet again Thursday morning to confer with the attorney of the Sutherland company regarding the suit the Greer Investment Co., has filed for possession of the Byrd's Mill bonds.

MAMIE CALDWELL WINS THE MEDAL

Last evening a highly interesting declamatory contest was held at the Methodist church under the auspices of the W. C. T. U. The medal was awarded to Miss Mamie Caldwell.

There were four contestants, Nellie Robinson recited "An Angel in a Saloon." Clytie Young was first with a recitation entitled: "The Drunkard's Blow." Nellie Robinson followed with "An Angel in a Saloon." Winston Davis came next with "The Bridal Wine Cup." Mamie Caldwell was last on the program with "College Oil Cans." All four contestants did exceedingly well and their manner on the stage showed no little talent. The judges were Prof. G. T. Howerton, J. H. Gardner and M. L. Sims. The last named was selected to present the medal which he did with a neat little speech appropriate to the occasion.

Interspersed through the program were several musical numbers by Miss Ida Enloe, Merle Sears, Nellie Hearst, Thelma Winn and Vera Giles.

SUFFRAGISTS TO STORM HOUSE.

Chicago Women to Visit Springfield Tomorrow.

Chicago, Ill., March 6.—Members of the woman suffrage organizations of Chicago and vicinity are going to Springfield tomorrow to find out why the state legislature in session there does not enact the necessary legislation that will enable them to vote. It is expected that at least five hundred women will make the trip. Women of national reputation are to head the party, among them Miss Jane Addams, Mrs. Catherine Waugh McCulloch, Mrs. Hannah G. Solomon and Mrs. Ellen M. Henrotin. The trip to Springfield and return will be made in a special train and at many of the principal towns along the route rear-end platform speeches will be delivered by the equal suffrage leaders.

DEMOCRATS SELECT RULES COMMITTEE

Washington, March 6.—The rules committee, one of the most powerful of the house committees of the sixty-second congress, with Representative Robert L. Henry of Waco, Tex., at its head was formally elected by the new house ways and means committee at its first meeting today. The following were announced as the seven democratic members.

Robert Lee Henry, Tex.; Edward W. Pou, Smithfield, N. C.; Thomas W. Hardwick, Sandersville, Ga.; Augustus O. Stanley, Henderson, Ky.; Finnis J. Garrett, Dresden, Tenn.; Martin D. Foster, Olney, Ill.; and Matthew R. Denver, Wilmington, Ohio.

The committee will consist of eleven members. The four republicans will be chosen by the republicans later on, along with the other republican personnel of committees of the new house. The ways and means committee, which is charged by the caucus with the function of selecting the committees, is not empowered to name the chairman but it recommended to the new rules committee that it elect Mr. Henry as chairman, which is tantamount to designation at this time.

The members were named in order of the seniority of service. Mr. Hardwick and Mr. Stanley had served in congress the same period and the service of Messrs. Foster and Denver, has been identical, and to choose the priority of rank of these, in each case the members of the ways and means committee drew lots resulting in the order given.

The committee will meet tomorrow morning to confer over its preliminary work.

The attention of the readers of the News is called to the ad of G. Miller on the local page. Mr. Miller has only recently moved to Ada, but with a reputation as a builder that he made in other places, it is safe to say that he will soon be counted as one of the foremost builders in this section.

NOTICE.

Ordinance number 169, of the City of Ada, prohibits chickens and all other domestic fowls, birds, pigeons, etc., from running at large in the city limits. All parties who are being damaged by their neighbors' chickens, etc., if they desire protection should file complaint before the police judge and their complaints will have prompt and vigorous attention.

SOFTNESS OF SEALSKIN.

Is Rivalled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists.
